

STARPOWER!

friendship is our north star
science is our superpower

STARPOWER!

The Salamander Sisters (StarPower and Stardust) along with their human friends from Newton Knights (Aurora, Ray, and viewers) explore the Miniverse, helping planets succeed and teaching science to communities on their interactive adventure. The show centers on empowering children, treating them as intelligent, and encouraging active participation through pauses that allow viewers to solve problems.

Alongside these characters, the show features animated friends like Friendship the Rocket, Telescope, Halley the Comet, and Gravity the Dog.

STARPOWER

A pink axolotl salamander and Stardust's sister. She roams the universe with her human friends, Aurora and Ray. Her magical ability is being able to enlarge to sizes bigger than stars and shrinking to be pocket-sized, as well as shapeshifting. She speaks by repeatedly saying "bubble." She was born on Starmander Creek with her sister and other salamanders.

VOICE: Claire Kepple

CHARACTER DESIGN: Jayde Pang

STARDUST

A mudpuppy salamander and StarPower's sister. She lives in Friendship and pairs up with Ray. She speaks by repeatedly saying "twinkle." She'll even tell yes by nodding or no by nodding side to side. To give directions, she would leave glitter on the screen. She was born on Starmander Creek with her sister and other salamanders.

VOICE: Claire Kepple

CHARACTER DESIGN: Jayde Pang

AURORA

(Ms. Aurora Starling)

Born on the gas planet Bory Alice, Aurora is the host and a Star Ranger in the Newton Knights.

Born on the gas planet Bory Alice, she is the warm, enthusiastic partner of StarPower. As a Newt, she engages directly with viewers to teach science and explore new worlds . She is known for her upbeat delivery and infectious joy that emphasizes accessibility and emotional connection.

CAST: Sara Jane Beneke (she/her)

RAY

(Trini Reyes)

Born on LaserMoon, Ray is Aurora's courageous sidekick, the caregiver of Stardust, and an apprentice in the Newton Knights. They often get ahead of themselves on any adventure, inevitably getting stuck in a messy situation. They are an action-adventure hero with a big heart. They hope to earn their Newton Badge one day to be a Star Ranger.

CAST: Natalie Malia Figuracion (they/them)

CLAY

Billy Clayton Dubois

He was the original caregiver of Stardust before returning to his home planet Ceramia to be a space mailman. He is a Star Ranger in the Newton Knights.

CAST: Xavi Soto Burgos (he/him)

FRIENDSHIP

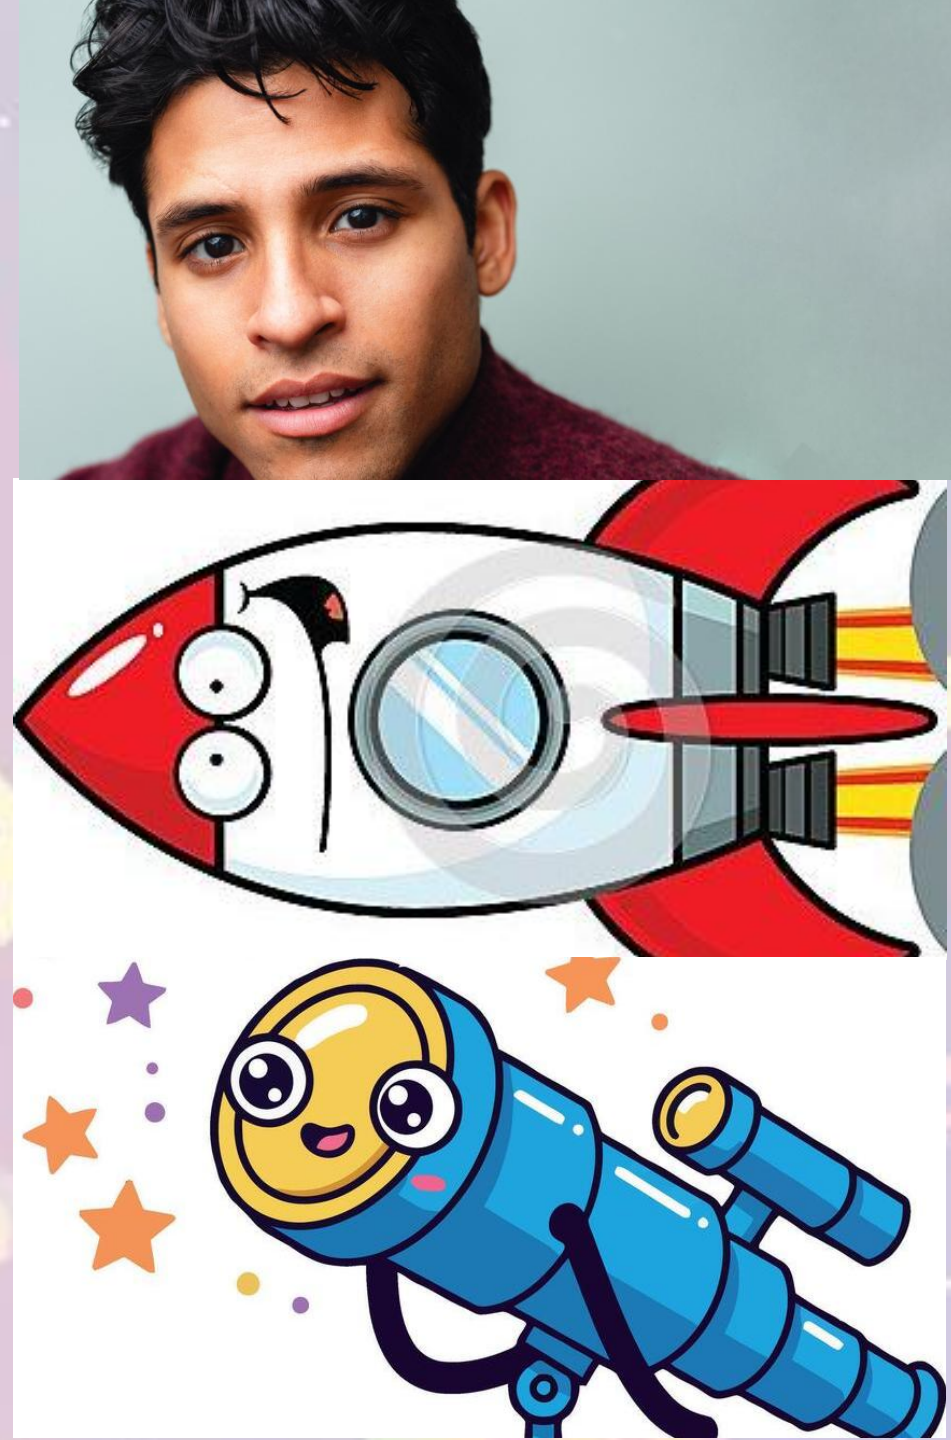

A cheerful rocket who transports their friends to distant worlds. They land after the host sings “Rocket Zoop.” Clay built them on a factory comet Rocketland.

CAST: TBD

TELESCOPE

A sentient scope who can help the team and the viewers find whatever they are looking for.

CAST: TBD
